4. Increase blended Learning in training actions
5. Increase participation by 40% / 80% over current figures
6. Increase training certifications by 10% p.a.
7. Formal recognition of work practice experience
8. **Mean duration per training action: 50 hs/participant/year**
9. **Skills Intelligence: 2 new skills / 3 occupational profiles p.a.**
10. Real-time detection system of new skills and gaps
11. Special attention to disadvantaged groups
12. Quality assurance of training actions

Total workforce **13.000.000**
=
1.300.000 persons per year

1.3 million persons
=
65.000.000 hours of training per year

Until 2030
=
>18 new skills detected
> 27 new occupational profiles

National and regional level

- **Information template (“1-pager”)** on PfST for distribution by current signatories
- **“Alliance of the Interested”** – gather interest by 15th-March
- **Open online meeting** to evaluate feedback
- Depending on feedback, **specific support** to the set-up of national or regional skills partnerships in coordination with EC and stakeholders

Objectives for 2022:

- National or regional Skills Partnerships in place in all Tourism Regions of Europe
- EU-wide cooperation and governance structure (“light by efficient”)

Practical actions – long term

- **Monitoring of the Pact for Skills in Tourism** -
methodology tbd, via DG GROW or next sectoral blueprint consortium
- **EU-wide monthly thematic webinars**
- **Support for (set-up of) national and regional skills partnerships**
- **Platform for Skills in Tourism**
tbd - part of the Transitional Pathway platform, independent structure, ...
- **Practical tools and instruments for skills intelligence, evaluation, matchmaking, training, ...**
- **... and **your** ideas are welcome!**

**The frame is set.
Now we need to make it work in practice!**
